

# ProEdge Dental's Safe Water Webinar for Dental Practices Located in Georgia

Join Us December 02, 2025, 7:30pm - 8:30pm ET

For This Live Webinar Event: [Register for Course](#)

## Course Description:

Discover what's really happening inside your dental unit waterlines. This lecture course explores how biofilm forms, why it's so persistent, and what it takes to maintain CDC-compliant, patient-safe water. Learn how national and state guidelines apply to your practice, and gain practical strategies—including the 3-Step Protocol (Shock-Treat-Test)—to keep your waterlines inspection-ready. This live webinar course will cover the 1-hour CE requirement that Georgia has for dental unit waterlines.

## Course Objectives:

- Describe why dental unit waterline maintenance is critical to both patient and provider safety.
- Explain the science behind biofilm formation and analyze why it is so persistent and difficult to control.
- Identify the steps required to achieve CDC compliance and evaluate strategies to protect your practice.
- Compare and interpret state-specific regulations, including testing requirements in Washington (WA) and Georgia (GA).
- Apply the 3-Step Proven Protocol to effectively implement safe waterline practices in your dental office.

## Course Presenters:

**Kellie Thimmes, BS, DISIPC, CIC**, Director of Education at ProEdge Dental Water Labs, is a nationally recognized expert in dental unit waterline safety and compliance. With over a decade of experience, Kellie has educated more than 12,000 dental practices and consulted with many of the nation's largest DSOs to elevate their infection control standards. Her leadership has helped shape best practices across the industry, and her passion for waterline safety is both unmatched and contagious. Known for making complex topics easy to understand, Kellie brings clarity, humor, and real-world insight to every stage she steps on.

**Amanda Hill, BSDH, RDH, CDIPC**, is an enthusiastic speaker, innovative consultant, and award-winning author. A sought-after thought leader contributing invaluable and inspiring insights into the current trends in dentistry. Affectionately known as the Waterline Warrior, she brings over 25 years of clinical dental hygiene and education to dentistry. Recipient of ADS's Emerging Infection Control Leader award and an active participant with the advisory board for RDH magazine, Dentistry IQ, and ADS's Infection Control In Practice Editorial Review Board, Amanda strives to make topics in dentistry accurate, accessible, and fun!
